📍 India | 📁 Quality Assurance Engineer | Software Testing | Automation | Web & Mobile QA

CAREER OBJECTIVE

Detail-oriented and analytical Computer Science graduate with hands-on experience in Web and Mobile Application Testing, CI/CD tools, and Backend validation. Seeking a Quality Assurance Engineer position to apply my technical, analytical, and problem-solving skills toward ensuring high-quality software delivery in dynamic and innovative environments.

TECHNICAL SKILLS

Testing & QA Skills

- Testing Types: Functional, Non-Functional, Regression, Smoke, User Acceptance (UAT), API, and Performance Testing.
 - Test Management: Test Case Design, Execution, Defect Tracking, Documentation, Reporting, and Triaging.
 - Strong understanding and experience in Agile Methodology and sprint-based QA workflows.
 - Hands-on experience in Web Application Testing (13 months) and Mobile Application Testing (1 year).
 - Proficient in Manual Testing, Regression Testing, and API Testing.
 - Experienced in Backend Validation using APIs and Database Queries.
 - Well-versed in Linux-based QA environments and troubleshooting application-level issues.
-

Tools & Technologies

- **Testing Tools:** Fire Flink, Postman, Appium (Mobile Testing)
- **CI/CD Tools:** Jenkins (Pipeline Configuration and Integration)
- **Version Control:** Git, GitHub
- **Defect Tracking:** Jira, Bugzilla
- **Databases:** MySQL, PostgreSQL (Basic Querying)

- **Operating Systems:** Linux (Proficient with shell commands and scripting)
 - **Languages:** JavaScript, Node.js, C (Certified)
-

Additional Skills

- Hands-on experience with Linux machine commands and Jenkins pipelines.
 - Strong understanding of Backend Development concepts and API workflows.
 - Experienced in setting up test environments and automation frameworks on Linux.
 - Excellent analytical and debugging skills.
-

PROJECT EXPERIENCE

1. QA & Automation – Web Application Testing (Current Project)

- Conducted manual and automated testing on multiple web modules ensuring stability and performance.
- Designed and executed test cases, created bug reports, and performed API validations.
- Integrated builds using Jenkins pipelines and participated in sprint reviews and regression cycles.

2. Mobile Application Testing (1 Year Experience)

- Performed manual and exploratory testing on Android and iOS applications.
- Used Appium for automation and Postman for backend API testing.
- Validated UI/UX consistency and tracked issues using Jira.

3. Mini Project – Fraud Detection in Petrol Bunks: Fuel Level Manager

- Implemented sensor validation testing to detect and prevent data inaccuracies.
 - Tech Stack: Keil Embedded C, Arduino (ATMEGA 328).
-

ACHIEVEMENTS

- Awards as best Employees of the month
- Secured 2nd place in Entrepreneurship Event at MLRIT, Hyderabad, sponsored by GBI, with ₹2,00,000 funding.
- Participated in Techno Zion – Electronova conducted by NIT Warangal.

STRENGTHS

- Hands-on experience in both Web and Mobile QA Environments.
 - Expertise in Test Planning, Execution, and Reporting.
 - Proficient in Linux systems, Jenkins CI/CD pipelines, and Backend Integration Testing.
 - Excellent Communication, Collaboration, and Documentation Skills.
 - Continuous Learner with adaptability to emerging QA tools and technologies.
-

HOBBIES & INTERESTS

- Exploring automation tools and backend systems.
 - Writing about nature, life, and innovation.
 - Playing cricket and volleyball.
-

EDUCATION

Bachelor of Computer Science (CSE)

Glocal University, Saharanpur, Uttar Pradesh | 2016–2020 | 6.75

PERSONAL DETAILS

Full Name: G. Aniketh

Father's Name: G. Uday Prakash

Mother's Name: G. Madhuri

Gender: Male

Date of Birth: 10 June 1999

Nationality: Indian

Languages Known: English, Hindi, Telugu

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
